Saturdays are usually known as popular marketing day around Moi University specifically at mabs. On Saturday's students normally visits the market to do shoppings of different goods. Poor roads within and around Moi University are being reconstructed after a long period of time. The reconstruction of the roads will enable easy movement of school vehicles and comrades as they bid goodbye to poor roads with potholes for a long time. During the 37th MUSO campaigns students from different departments and schools within Moi University came out in a large number to help in campaigning for the students deligates competing for different posts. Vibrant Moi university student delegate left the students and lectures amazed after campaigning using a wheelbarrow. People were amazed to see such an incident because just a few months ago some students also campaigned using donkeys in the last election campaigns at the institution.
